LIGHTING SOLUTIONS
FOR HIGH PERFORMANCE

LIGHTING SOLUTIONS FOR HIGH PERFORMANCE

Work light of the future

The sophisticated SCANGRIP work lights are second-to-none and made for the real professional who needs the best tool he can get for the task. The selected product line-up covers various kinds of work light solutions with superior quality across the entire range. These are lights made for work and built to last.

Latest technologies for best performance

SCANGRIP constantly push back the boundaries of LED lighting and battery technology, creating new cutting-edge work lights. We always reach for that extra brightness, that extra operation time, those little touches that make a real difference when you need the best work light you can get. We guarantee to provide you with only premium products for optimal performance.

Extreme durability and functional design

SCANGRIP work lights are extremely durable and made to last and do the job again and again. The entire product line is sturdy and endures the really demanding working environment which expose both the professional worker and his tools to rough, wet, and dirty conditions. The lights are covered by a high IP protection level to resist even outdoor use in all kinds of weather.

NEW GROUND-BREAKING WORK LIGHT RANGE

SPECIALIZED WORK LIGHT SOLUTIONS

Light is an important tool for many tasks. We take that very seriously when developing specialist lights for niche markets -such as lights for the painting and detailing industries.

Lighting solutions for lifts

MADE IN DENMARK

Portable lights for fast UV curing

Work lights for detailing and car paint

INNOVATION FROM DENMARK

All product design and development are carried out in Denmark

As Europe's leading manufacturer of innovative work lights, SCANGRIP provides the strongest and most comprehensive range of lighting solutions on the market.

Latest technology for best performance

The LED and battery technology are constantly evolving and SCANGRIP push the boundaries. Constantly. And takes advantage of these multiple technological opportunities optimizing and improving light output, operation time, and durability.

GO GREEN – A better choice for the climate

SCANGRIP work lights are a choice in a greener direction where the climate impact is minimized on an everyday basis. All our lighting solutions are developed to be energy-saving and with a long lifetime.
